

INGLESE MANTENIMENTO

Docente: Larell Conrad

This course is for those who have studied English for 3 or 4 years with Università per Adulti and would like to continue to improve their spoken language and fluency in English with a native speaker (American). The course will reinforce important, basic functions and grammatical structures (such as use of tenses, from present continuous to future and past forms for general use and self expression in English) This course will focus on group and pair work through conversation activities done during the lessons. With the main focus being on fluency in speaking and being able to express oneself in everyday situations as well as special cultural topics coming from articles, videos, etc.

The material will be taken from different sources: Internet articles, conversation books, group activity books. Some grammatical review will be done as well but mainly the focus will be on speaking and interaction among the students in the class.
